**ADDUS HOMECARE HIRES ZEKE ZOCCOLI
 AS CHIEF INFORMATION OFFICER**

Brings Addus In-Depth Experience and Demonstrated Record in Acquisition Integration

Downers Grove, Illinois (February 18, 2016) – Addus HomeCare Corporation (NASDAQ: ADUS), a comprehensive provider of home and community-based services, today announced the hiring of James “Zeke” Zoccoli as Chief Information Officer, effective February 25, 2016.

Commenting on the announcement, Dirk Allison, President and Chief Executive Officer of Addus, said, “I am very pleased to announce the hiring of Zeke Zoccoli as Addus’s Chief Information Officer. Zeke has built an outstanding reputation as a CIO in the healthcare services industry. He has a proven record of driving operational efficiency through technology and process improvements, as well as of creating high performance teams to meet the demands of his companies as they grow.

“In addition to his healthcare background, Zeke has in-depth experience in leading acquisition integrations, optimizing integrated business models and creating corporate synergies. I have first-hand knowledge of Zeke’s capabilities from our years together at Odyssey Healthcare, a company that produced significant growth through acquisition. I am confident that he will be a key contributor to Addus’s success, both as we continue to develop innovative applications of technology in the home care industry and as we pursue ongoing acquisition growth opportunities in a highly fragmented industry experiencing growing consolidation pressures.”

Mr. Zoccoli joins Addus from Heart to Heart Hospice, which he joined in 2014 as Senior Vice President and CIO. Previously, he was Executive Vice President, COO and CIO at CCS Medical from 2011 to 2014. He was Senior Vice President, CIO at Gentiva Health Services from 2010 to 2011, after its acquisition of Odyssey Healthcare, where for three years he was Vice President, Information Technology. Prior to Odyssey, Mr. Zoccoli held similar positions at Horizon Health Corp. and LifeCare Management Services. He has been recognized for his achievements as CIO three times by the *Information Week 500 Award*, as well as by *Computer World* and *CIO Magazine*.
