**ADDUS HOMECARE CORPORATION  
AND SUBSIDIARIES**

**Notes to Condensed Consolidated Financial Statements  
(Unaudited)**

**1. Summary of Significant Accounting Policies**

***Basis of Presentation and Description of Business***

The condensed consolidated financial statements include the accounts of Addus HomeCare Corporation (“Holdings”) and its subsidiaries (together with Holdings, the “Company” or “we”). The Company operates as one business segment and is a provider of comprehensive home and community based services that are primarily personal in nature, which are provided primarily in the home, and focused on the dual eligible (Medicare/Medicaid) population. The Company’s services include personal care and assistance with activities of daily living, and adult day care. The Company’s consumers are primarily persons who are at risk of hospitalization or institutionalization, such as the elderly, chronically ill and disabled. The Company’s payor clients include federal, state and local governmental agencies, managed care organizations, commercial insurers and private individuals. The Company currently provides home and community based services to over 33,000 consumers through 127 locations across 22 states, including 5 adult day centers in Illinois.

***Principles of Consolidation***

All intercompany balances and transactions have been eliminated in consolidation. The Company’s investment in entities with less than 20% ownership or in which the Company does not have the ability to influence the operations of the investee are being accounted for using the cost method and are included in investments in joint ventures.

***Revenue Recognition***

The Company generates net service revenues by providing services directly to consumers. The Company receives payments for providing services from federal, state and local governmental agencies, commercial insurers and private consumers. The Company’s services are principally provided based on authorized hours, determined by the relevant agency, at an hourly rate specified in agreements or fixed by legislation and recognized as revenues at the time services are rendered. Home and community based service revenues are reimbursed by state, local and other governmental programs which are partially funded by Medicaid or Medicaid waiver programs, with the remainder reimbursed through private duty and insurance programs.

Laws and regulations governing the Medicaid and Medicare programs are complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates may change in the near term. The Company believes that it is in compliance in all material respects with all applicable laws and regulations.

***Allowance for Doubtful Accounts***

The Company establishes its allowance for doubtful accounts to the extent it is probable that a portion or all of a particular account will not be collected. The Company estimates its provision for doubtful accounts primarily by aging receivables utilizing eight aging categories and applying its historical collection rates to each aging category, taking into consideration factors that might impact the use of historical collection rates or payor groups, with certain large payors analyzed separately from other payor groups. In the Company’s evaluation of these estimates, it also considers delays in payment trends in individual states due to budget or funding issues, billing conversions related to acquisitions or internal systems, resubmission of bills with required documentation and disputes with specific payors. An allowance for doubtful accounts is maintained at a level that the Company’s management believes is sufficient to cover potential losses. However, actual collections could differ from the Company’s estimates.

***Property and Equipment***

Property and equipment are recorded at cost and depreciated over the estimated useful lives of the related assets by use of the straight-line method except for internally developed software which is amortized by the sum-of-years digits method. Maintenance and repairs are charged to expense as incurred. The estimated useful lives of the property and equipment are as follows:

Computer equipment	3 – 5 years
Furniture and equipment	5 – 7 years
Transportation equipment	5 years
Computer software	5 – 10 years
Leasehold improvements	Lesser of useful life or lease term, unless probability of lease renewal is likely

***Goodwill***

The Company’s carrying value of goodwill is the residual of the purchase price over the fair value of the net assets acquired from various acquisitions including the acquisition of Addus HealthCare, Inc. (“Addus HealthCare”). In accordance with Accounting Standards Codification (“ASC”) Topic 350, “*Goodwill and Other Intangible Assets*,” goodwill and intangible assets with indefinite useful lives are not amortized. The Company tests goodwill for impairment at the reporting unit level on an annual basis, as of October 1, or whenever potential impairment triggers occur, such as a significant change in business climate or regulatory changes that would indicate that an impairment may have occurred. The Company may use a qualitative test, known as “Step 0,” or a two-step quantitative method to determine whether impairment has occurred. In Step 0, the Company can elect to perform an optional qualitative analysis and based on the results skip the two step analysis. In 2014, the Company elected to implement Step 0 and was not required to conduct the remaining two step analysis. The results of the Company’s Step 0 assessment indicated that it was more likely than not that the fair value of its reporting unit exceeded its carrying value and therefore the Company concluded that there were no impairments for the year ended December 31, 2014. No impairment charges were recorded for the three or six months ended June 30, 2015 or 2014.

***Intangible Assets***

The Company’s identifiable intangible assets consist of customer and referral relationships, trade names, trademarks, state licenses and non-compete agreements. Amortization is computed using straight-line and accelerated methods based upon the estimated useful lives of the respective assets, which range from two to twenty-five years.

Intangible assets with finite lives are amortized using the estimated economic benefit method over the useful life and assessed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. The Company would recognize an impairment loss when the estimated future non-discounted cash flows associated with the intangible asset is less than the carrying value. An impairment change would then be recorded for the excess of the carrying value over the fair value. The Company estimates the fair value of these intangible assets using the income approach. No impairment charge was recorded for the three or six months ended June 30, 2015 or 2014.

The income approach, which the Company uses to estimate the fair value of its intangible assets (other than goodwill), is dependent on a number of factors including estimates of future market growth and trends, forecasted revenue and costs, expected periods the assets will be utilized, appropriate discount rates and other variables. The Company bases its fair value estimates on assumptions the Company believes to be reasonable but which are unpredictable and inherently uncertain. Actual future results may differ from those estimates.

The Company also has indefinite-lived intangible assets that are not subject to amortization expense such as certificates of need and licenses to conduct specific operations within geographic markets. The Company's management has concluded that certificates of need and licenses have indefinite lives, as management has determined that there are no legal, regulatory, contractual, economic or other factors that would limit the useful life of these intangible assets, and the Company intends to renew and operate the certificates of need and licenses indefinitely. The certificates of need and licenses are tested annually for impairment. No impairment was recorded for the three or six months ended June 30, 2015 or 2014.

#### ***Workers' Compensation Program***

The Company's workers' compensation program has a \$350,000 deductible component. The Company recognizes its obligations associated with this program in the period the claim is incurred. The cost of both the claims reported and claims incurred but not reported, up to the deductible, have been accrued based on historical claims experience, industry statistics and an actuarial analysis performed by an independent third party. The future claims payments related to the workers' compensation program are secured by letters of credit.

#### ***Interest Income***

Legislation enacted in Illinois entitles designated service program providers to receive a prompt payment interest penalty based on qualifying services approved for payment that remain unpaid after a designated period of time. As the amount and timing of the receipt of these payments are not certain, the interest income is recognized when received and reported in the statement of operations as interest income. For the three and six months ended June 30, 2015 and 2014, the Company did not receive any prompt payment interest. While the Company may be owed additional prompt payment interest, the amount and timing of receipt of such payments remains uncertain, and the Company has determined that it will continue to recognize prompt payment interest income when received.

#### ***Interest Expense***

The Company's interest expense consists of interest costs on its credit facility and other debt instruments.

#### ***Income Tax Expense***

The Company accounts for income taxes under the provisions of ASC Topic 740, "Income Taxes." The objective of accounting for income taxes is to recognize the amount of taxes payable or refundable for the current year and deferred tax liabilities and assets for the future tax consequences of events that have been recognized in its financial statements or tax returns. Deferred taxes, resulting from differences between the financial and tax basis of the Company's assets and liabilities, are also adjusted for changes in tax rates and tax laws when changes are enacted. ASC Topic 740 also requires that deferred tax assets be reduced by a valuation allowance if it is more likely than not that some portion or all of the deferred tax asset will not be realized. ASC Topic 740, also prescribes a recognition threshold and measurement process for recording in the financial statements uncertain tax positions taken or expected to be taken in a tax return. In addition, ASC Topic 740 provides guidance on derecognition, classification, accounting in interim periods and disclosure requirements for uncertain tax positions.

#### ***Stock-based Compensation***

The Company has two stock incentive plans, the 2006 Stock Incentive Plan (the "2006 Plan") and the 2009 Stock Incentive Plan (the "2009 Plan") that provide for stock-based employee compensation. The Company accounts for stock-based compensation in accordance with ASC Topic 718, "Stock Compensation." Compensation expense is recognized on a graded method under the 2006 Plan and on a straight-line basis under the 2009 Plan over the vesting period of the awards based on the fair value of the options and restricted stock awards. Under the 2006 Plan, the Company historically used the Black-Scholes option pricing model to estimate the fair value of its stock based payment awards, but beginning October 28, 2009 under its 2009 Plan it began using an enhanced Hull-White Trinomial model. The determination of the fair value of stock-based payments utilizing the Black-Scholes model and the Enhanced Hull-White Trinomial model is affected by Holdings' stock price and a number of assumptions, including expected volatility, risk-free interest rate, expected term, expected dividends yield, expected forfeiture rate, expected turn-over rate and the expected exercise multiple.

#### ***Net Income Per Common Share***

Net income per common share, calculated on the treasury stock method, is based on the weighted average number of shares outstanding during the period. The Company's outstanding securities that may potentially dilute the common stock are stock options and restricted stock awards.

Included in the Company's calculation for the three and six months ended June 30, 2015 were 650,000 stock options outstanding, of which 205,000 and 189,000, respectively, were dilutive. In addition, there were 99,000 restricted stock awards outstanding, 18,000 and 29,000 of which were dilutive for the three and six months ended June 30, 2015, respectively.

Included in the Company's calculation for the three and six months ended June 30, 2014 were 589,000 stock options outstanding, of which 217,000 and 225,000, respectively, were dilutive. In addition, there were 60,000 restricted stock awards outstanding, 18,000 of which were dilutive for both the three and six months ended June 30, 2014.

#### ***Estimates***

The financial statements are prepared by management in conformity with U.S. Generally Accepted Accounting Principles ("GAAP") and include estimated amounts and certain disclosures based on assumptions about future events. Accordingly, actual results could differ from those estimates.

#### ***Fair Value of Financial Instruments***

The Company's financial instruments consist of cash, accounts receivable, payables and debt. The carrying amounts reported in the consolidated balance sheets for cash, accounts receivable, accounts payable and accrued expenses approximate fair value because of the short-term nature of these instruments. The carrying value of the Company's long-term debt with variable interest rates approximates fair value based on instruments with similar terms.

The Company applies fair value techniques on a non-recurring basis associated with valuing potential impairment losses related to goodwill and indefinite-lived intangible assets and also when determining the fair value of contingent considerations. To determine the fair value in these situations, the Company uses Level 3 inputs, such as discounted cash flows, or if available, what a market participant would pay on the measurement date.

The Company utilizes the income approach to estimate the fair value of its intangible assets derived from acquisitions. In addition, discounted cash flows were used to estimate the fair value of the Company's investment in joint ventures.

### New Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers (Topic 606)*, which requires an entity to recognize the amount of revenue for which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in GAAP. In July 2015, the FASB agreed to defer the effective date of the standard from January 1, 2017, to January 1, 2018, with an option that permits companies to adopt the standard as early as the original effective date. Early application prior to the original effective date is not permitted. The standard permits the use of either the retrospective or cumulative effect transition method. The Company is evaluating the effect that ASU 2014-09 will have on its consolidated financial statements and related disclosures. The Company has not yet selected a transition method nor has it determined the effect of the standard on its ongoing financial reporting.

In April 2015, the FASB issued ASU 2015-03, *Interest—Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs*. The amendments in this ASU require that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs are not affected by the amendments in this ASU. ASU 2015-03 is effective for annual and interim periods beginning on or after December 15, 2015.

In August 2014, the FASB issued ASU 2014-15, *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern*, which will explicitly require management to assess an entity's ability to continue as a going concern and to provide related footnote disclosures in certain circumstances. Currently, there is no guidance in GAAP about management's responsibility to evaluate whether there is substantial doubt about an entity's ability to continue as a going concern or to provide related footnote disclosures. The amendments in this update provide that guidance. In doing so, the amendments should reduce diversity in the timing and content of footnote disclosures. The amendments require management to assess an entity's ability to continue as a going concern by incorporating and expanding upon certain principles that are currently in U.S. auditing standards. Specifically, the amendments (1) provide a definition of the term "substantial doubt", (2) require an evaluation every reporting period including interim periods, (3) provide principles for considering the mitigating effect of management's plans, (4) require certain disclosures when substantial doubt is alleviated as a result of consideration of management's plans, (5) require an express statement and other disclosures when substantial doubt is not alleviated and (6) require an assessment for a period of one year after the date that the financial statements are issued (or available to be issued). The amendments in this update are effective for the first annual period ending after December 15, 2016, and for annual periods and interim periods thereafter. Early application is permitted. The Company is currently evaluating the impact of adopting this update on its financial statements.

## 2. Acquisitions

On April 24, 2015, the Company entered into a purchase agreement to acquire South Shore Home Health Service, Inc. and Acaring Home Care, LLC for approximately \$18,000,000 to expand into the State of New York. The purchase agreement was filed as Exhibit 10.1 to the March 31, 2015 Quarterly Report on Form 10-Q. Statements made herein with respect to the purchase agreement are not complete and you should refer to the previously filed Exhibit 10.1 for a copy of the actual agreement. The related acquisition costs to date are \$445,000 and are expensed as incurred.

Effective January 1, 2015, the Company acquired Priority Home Health Care, Inc. ("PHHC"), in order to further expand the Company's presence in the State of Ohio. The total consideration for the transaction was comprised of \$4,250,000 in cash. The related acquisition costs were \$454,000 and were expensed as incurred. The results of operations from this acquired entity are included in the Company's statement of operations from the date of the acquisition.

The Company's acquisition of PHHC has been accounted for in accordance with ASC Topic 805, "*Business Combinations*," and the resultant goodwill and other intangible assets will be accounted for under ASC Topic 350 "*Goodwill and Other Intangible Assets*." The acquisition was recorded at its fair value as of January 1, 2015. The total purchase price is \$4,250,000. Under business combination accounting, the total purchase price will be allocated to PHHC's net tangible and identifiable intangible assets based on their estimated fair values. Based upon management's preliminary valuation, the total purchase price has been allocated as follows:

	Total (Amounts in Thousands)
Goodwill	\$ 1,862
Identifiable intangible assets	1,930
Accounts receivable (net)	951
Furniture, fixtures and equipment	58
Other current assets	8
Accrued liabilities	(339)
Accounts payable	(220)
Total purchase price allocation	<u>\$ 4,250</u>

Management's assessment of qualitative factors affecting goodwill for PHHC includes: estimates of market share at the date of purchase; ability to grow in the market; synergy with existing Company operations and the presence of managed care payors in the market.

Identifiable intangible assets acquired consist of trade names and trademarks, customer relationships and non-compete agreements. The estimated fair value of identifiable intangible assets was determined by the Company's management. It is anticipated that the net intangible and identifiable intangible assets, including goodwill, are deductible for tax purposes. These estimates are provisional and are subject to change.

The PHHC acquisition accounted for \$2,277,000 and \$4,660,000 of net service revenues for the three and six months ended June 30, 2015, respectively.

Effective June 1, 2014, the Company acquired Cura Partners, LLC, which conducts business under the name Aid & Assist at Home, LLC ("Aid & Assist"), in order to further expand the Company's presence in the State of Tennessee. The total consideration for the transaction was \$8,192,000, comprised of \$7,172,000 in cash and \$1,020,000, representing the estimated fair value of contingent earn-out obligation. The related acquisition costs were \$508,000 and were expensed as incurred. The results of operations from this acquired entity are included in the Company's statement of operations from the date of the acquisition.

The Company's acquisition of Aid & Assist has been accounted for in accordance with ASC Topic 805, "Business Combinations," and the resultant goodwill and other intangible assets will be accounted for under ASC Topic 350 "Goodwill and Other Intangible Assets ." The acquisition was recorded at its fair value as of June 1, 2014. The total purchase price is \$8,192,000 and is comprised of:

	<b>Total (Amounts in Thousands)</b>
Cash	\$ 7,172
Contingent earn-out obligation	1,020
Total purchase price	<u>\$ 8,192</u>

The contingent earn-out obligation has been recorded at its fair value of \$1,020,000, which is the present value of the Company's obligation to pay up to \$1,168,000 based on probability-weighted estimates of the achievement of certain performance targets, as defined in the earn-out agreement between the parties. As of December 31, 2014, the Company revalued this liability at \$200,000. The balance remains unchanged as of June 30, 2015.

Under business combination accounting, the total purchase price will be allocated to Aid & Assist's net tangible and identifiable intangible assets based on their estimated fair values. Based upon management's valuation, the total purchase price has been allocated as follows:

	<b>Total (Amounts in Thousands)</b>
Goodwill	\$ 4,317
Identifiable intangible assets	3,950
Accounts receivable (net)	521
Furniture, fixtures and equipment	65
Other current assets	60
Accrued liabilities	(553)
Accounts payable	(168)
Total purchase price allocation	<u>\$ 8,192</u>

Management's assessment of qualitative factors affecting goodwill for Aid & Assist includes: estimates of market share at the date of purchase; ability to grow in the market; synergy with existing Company operations and the presence of managed care payors in the market.

Identifiable intangible assets acquired consist of trade names and trademarks, customer relationships and non-compete agreements. The estimated fair value of identifiable intangible assets was determined by the Company's management. It is anticipated that the net intangible and identifiable intangible assets, including goodwill, are deductible for tax purposes.

The Aid & Assist acquisition accounted for \$2,763,000 and \$5,708,000 of net service revenues for the three and six months ended June 30, 2015, respectively.

The Company entered into two definitive acquisition agreements to acquire home and community based businesses during 2013 to further its presence in both existing states and to expand into new states. On October 17, 2013 the Company entered into an asset purchase agreement to acquire the entire home and community based business of Medi Home Private Care Division of Medical Services of America, Inc. The acquisition included two agencies located in South Carolina which were closed effective November 1, 2013; four agencies located in Tennessee and two agencies located in Ohio which closed in January 2014. The Company also entered into an asset purchase agreement to acquire the assets of Coordinated Home Health Care, LLC, a personal care business located in New Mexico ("CHHC"), on November 7, 2013. The combined consideration for these two acquisitions was \$12,325,000 in cash at the close and a maximum of \$2,250,000 in future cash based on certain performance. The purchase included sixteen offices located in Southern New Mexico. The transaction closed effective December 1, 2013. The related acquisitions costs were \$735,000 for the Medi Home Private Care Division of Medical Services of America, Inc. and CHHC deals, and were expensed as incurred. The results of operations from these acquired entities are included in our statement of operations from the dates of the respective acquisitions.

The Company's acquisition of the assets of CHHC has been accounted for in accordance with ASC Topic 805, "Business Combinations" and the resultant goodwill and other intangible assets will be accounted for under ASC Topic 350 "Goodwill and Other Intangible Assets". Assets acquired and liabilities assumed were recorded at their fair values as of December 1, 2013. The total purchase price was \$12,825,000 and was comprised of:

	<b>Total (Amounts in Thousands)</b>
Cash	\$ 11,725
Contingent earn-out obligation	1,100
Total purchase price	<u>\$ 12,825</u>

On December 1, 2013, the contingent earn-out obligation was recorded at its fair value of \$1,100,000, which was the present value of the Company's obligation up to \$2,250,000 based on probability-weighted estimates of the achievement of certain performance targets, as defined in the earn-out agreement between the parties. As of December 31, 2014, the Company revalued the contingent earn-out obligation and recorded \$1,000,000 as the current portion and \$920,000 as the remaining liability. During the second quarter of 2015, the Company paid the \$1,000,000 current portion. As of June 30, 2015, the remaining contingent earn-out obligation balance is unchanged.

Under business combination accounting, the total purchase price was allocated to CHHC's net tangible and identifiable intangible assets based on their estimated fair values. Based upon management's valuation, the total purchase price was allocated as follows:

	<b>Total (Amounts in Thousands)</b>
Goodwill	\$ 9,488
Identifiable intangible assets	3,300
Accounts receivable	888
Prepaid expenses	35
Furniture, fixtures and equipment	58
Deposits	15
Accounts payable	(81)
Accrued liabilities	(864)
Other liabilities	(14)
Total purchase price allocation	<u>\$ 12,825</u>

Management's assessment of qualitative factors affecting goodwill for CHHC includes: estimates of market share at the date of purchase; ability to grow in the market; synergy with existing Company operations and the presence of managed care payors in the market.

Identifiable intangible assets acquired consist of trade names and trademarks, customer relationships and non-compete agreements. The estimated fair value of identifiable intangible assets was determined by management. It is anticipated that the net intangible and identifiable intangible assets, including goodwill, are deductible for tax purposes.

Acquisitions completed during the fourth quarter 2013 accounted for \$6,062,000 and \$11,871,000 of net service revenues for the three and six months ended June 30, 2015 respectively and \$5,446,000 and \$10,911,000 of net service revenues for the three and six months ended June 30 2014, respectively.

### 3. Goodwill and Intangible Assets

The Company's carrying value of goodwill is the residual of the purchase price over the fair value of the net assets acquired from various acquisitions including the acquisition of Addus HealthCare. In accordance with ASC Topic 350, "Goodwill and Other Intangible Assets," goodwill and intangible assets with indefinite useful lives are not amortized. The Company tests goodwill for impairment on an annual basis, as of October 1, or whenever potential impairment triggers occur, such as a significant change in business climate or regulatory changes that would indicate that impairment may have occurred.

Goodwill is required to be tested for impairment at least annually. The Company can elect to perform Step 0, an optional qualitative analysis and based on the results skip the remaining two steps. In 2014, the Company elected to implement Step 0 and was not required to conduct the remaining two step analysis. In performing its goodwill assessment for 2014, the Company evaluated the following factors that affect future business performance: macroeconomic conditions, industry and market considerations, cost factors, overall financial performance, entity-specific events, reporting unit factors and company stock price. As a result of the assessments of these qualitative factors, the Company concluded that it was more likely than not that the fair values of the reporting unit goodwill as of December 31, 2014 exceed the carrying values of the unit. Accordingly, the first and second steps of the goodwill impairment test as described in ASC 350-20-35, which includes estimating the fair values of the Company, were not considered necessary.

The Company did not record any impairment charges for the three and six months ended June 30, 2015. The Company will perform its annual impairment test for fiscal 2015 during the fourth quarter of 2015.

A summary of the goodwill activity for the six months ended June 30, 2015 is provided below:

	Goodwill (Amounts in Thousands)
Goodwill, at December 31, 2014	\$ 64,220
Additions for acquisitions	1,862
Adjustments to previously recorded goodwill	(80)
Goodwill, at June 30, 2015	<u>\$ 66,002</u>

Adjustments to the previously recorded goodwill are primarily credits related to amortization of tax goodwill in excess of book basis.

The Company's identifiable intangible assets consist of customer and referral relationships, trade names, trademarks, state licenses and non-compete agreements. Amortization is computed using straight-line and accelerated methods based upon the estimated useful lives of the respective assets, which range from two to twenty-five years.

The Company also has indefinite-lived assets that are not subject to amortization expense such as licenses and in certain states certificates of need to conduct specific operations within geographic markets. The Company has concluded these assets have indefinite lives, as management has determined that there are no legal, regulatory, contractual, economic or other factors that would limit the useful life of these intangible assets and the Company intends to renew the licenses indefinitely. The licenses and certificates of need are tested annually for impairment using the cost approach. Under this method assumptions are made about the cost to replace the certificates of need. No impairment charges were recorded in the three and six months ended June 30, 2015 or 2014.

The carrying amount and accumulated amortization of each identifiable intangible asset category consisted of the following at June 30, 2015 and December 31, 2014:

	Customer and referral relationships	Trade names and trademarks	State licenses	Non- competition agreements	Total
	(Amounts in Thousands)				
Gross balance at December 31, 2014	\$ 27,896	\$ 7,181	\$ 150	\$ 2,058	\$ 37,285
Accumulated amortization	(22,497)	(3,619)	—	(822)	(26,938)
Net Balance at December 31, 2014	5,399	3,562	150	1,236	10,347
Gross balance at January 1, 2015	27,896	7,181	150	2,058	37,285
Additions for acquisitions	910	980	—	40	1,930
Acquisition of customer list	146	—	—	—	146
Accumulated amortization	(23,257)	(4,103)	—	(1,055)	(28,415)
Net Balance at June 30, 2015	<u>\$ 5,695</u>	<u>\$ 4,058</u>	<u>\$ 150</u>	<u>\$ 1,043</u>	<u>\$ 10,946</u>

Amortization expense related to the identifiable intangible assets amounted to \$741,000 and \$1,477,000 for the three and six months ended June 30, 2015, respectively and \$735,000 and \$1,009,000 for the three and six months ended June 30, 2014, respectively. Goodwill and state licenses are not amortized pursuant to ASC Topic 350.

#### 4. Details of Certain Balance Sheet Accounts

Prepaid expenses and other current assets consisted of the following:

Details of Certain Balance Sheet Accounts	June 30, 2015 (Amounts in Thousands)	December 31, 2014 (Amounts in Thousands)
Prepaid health insurance	\$ 41	\$ 2,762
Prepaid workers' compensation and liability insurance	754	1,326
Prepaid rent	587	595
Workers' compensation insurance receivable	1,781	1,457
Other	1,086	1,028
	<u>\$ 4,249</u>	<u>\$ 7,168</u>

Accrued expenses consisted of the following:

Details of Certain Balance Sheet Accounts	June 30, 2015 (Amounts in Thousands)	December 31, 2014 (Amounts in Thousands)
Accrued payroll	\$ 17,822	\$ 12,703
Accrued workers' compensation insurance	14,914	14,081
Accrued health insurance (1)	995	3,540
Indemnification reserve (2)	1,263	1,263
Accrued professional fees	840	1,500
Other	3,752	4,181
	<u>\$ 39,586</u>	<u>\$ 37,268</u>

- The Company provides health insurance coverage to qualified union employees providing home and community based services in Illinois through a Taft-Hartley multi-employer health and welfare plan under Section 302(c)(5) of the Labor Management Relations Act of 1947. The Company's insurance contributions equal the amount reimbursed by the State of Illinois. Contributions are due within five business days from the date the funds are received from the State. Amounts due of \$49,000 and \$2,404,000 for health insurance reimbursements and contributions were reflected in prepaid insurance and accrued insurance at June 30, 2015 and December 31, 2014, respectively.
- As a condition of the sale of substantially all of the assets used in the Company's home health business to subsidiaries of LHC Group, Inc. ("LHCG") in February 2013, the Company is responsible for any adjustments to Medicare and Medicaid billings prior to the closing. In connection with an internal evaluation of the Company's billing processes, the Company discovered documentation errors in a number of claims that it had submitted to Medicare. Consistent with applicable law, the Company voluntarily remitted \$1,840,000 to the U.S. Government in March 2014. The Company, using its best judgment, has estimated a total of \$1,263,000 for billing adjustments remaining.

#### 5. Long-Term Debt

##### Capital Leases

On July 12, 2014, September 11, 2014 and April 13, 2015, the Company executed three 48-month capital lease agreements for \$2,650,000, \$1,428,000 and \$378,000, respectively, with First American Commercial Bancorp, Inc. The capital leases were entered into to finance property and equipment at the Company's new corporate headquarters in Downers Grove, IL. The underlying assets are included in "Property and equipment, net of accumulated depreciation and amortization" in the accompanying Unaudited Condensed Consolidated Balance Sheets. These capital lease obligations require monthly payments through September 2018 and have implicit interest rates that range from 3.0% to 3.6%. At the end of the term, the Company has the option to purchase the assets for \$1 per lease agreement.

The following is an analysis of the leased property under capital leases by major classes.

<u>Classes of Property</u>	<u>Asset Balances at June 30, 2015 (Amounts in Thousands)</u>
Leasehold Improvements	\$ 2,928
Furniture & Equipment	526
Computer Equipment	635
Computer Software	303
Less: Accumulated Depreciation	(462)
	<u>\$ 3,930</u>

The future minimum payments for capital leases as of June 30, 2015 are as follows:

	<u>Capital Lease (Amounts In Thousands)</u>
2015	\$ 606
2016	1,213
2017	1,213
2018	737
2019	29
Total minimum lease payments	3,798
Less: amount representing estimated executory costs (such as taxes, maintenance and insurance), including profit thereon, included in total minimum lease payments	(82)
Net minimum lease payments	3,716
Less: amount representing interest (a)	(185)
Present value of net minimum lease payments (b)	<u>\$ 3,531</u>

- (a) Amount necessary to reduce net minimum lease payments to present value calculated at the Company's incremental borrowing rate at lease inception.  
(b) Reflected in the balance sheet as current and noncurrent obligations under capital leases of \$1,091,000 and \$2,440,000, respectively.

#### **Senior Secured Credit Facility**

On August 11, 2014, the Company renewed its credit facility. The Company's credit facility provides a \$55,000,000 revolving line of credit expiring November 2, 2019 and includes a \$27,500,000 sublimit for the issuance of letters of credit. On November 6, 2014, the Company amended its credit facility, with retroactive effect to September 30, 2014. The credit facility was amended to (i) reduce the floating interest rate from one-month LIBOR, plus a margin of 4.6% to one-month LIBOR, plus a margin of 3.5%, (ii) reduce the interest rate for loans based on term periods of one, two or three months from the LIBOR rate, plus a margin of 4.6% to the LIBOR rate, plus a margin of 3.5% and (iii) increase the allowed capital expenditures for the fiscal year ending 2014 from \$5,000,000 to \$7,000,000. Substantially all of the subsidiaries of Holdings are co-borrowers, and Holdings has guaranteed the borrowers' obligations under the credit facility. The credit facility is secured by a first priority security interest in all of Holdings' and the borrowers' current and future tangible and intangible assets, including the shares of stock of the borrowers.

The availability of funds under the revolving portion of the credit facility, as amended, is based on the lesser of (i) the product of adjusted EBITDA, as defined in the credit agreement, for the most recent 12-month period for which financial statements have been delivered under the credit agreement multiplied by the specified advance multiple, up to 3.25, less the outstanding senior indebtedness and letters of credit, and (ii) \$55,000,000 less the outstanding revolving loans and letters of credit. Interest on the revolving line of credit may be payable at (i) a floating rate equal to the one-month LIBOR, plus a margin of 3.5%, (ii) the LIBOR rate for term periods of one, two or three months, plus a margin of 3.5% or (iii) the base rate, plus a margin of 1.6%, where the base rate is equal to the greatest of (a) the rate of interest last quoted by The Wall Street Journal as the "prime rate," (b) the sum of the federal funds rate, plus a margin of 0.5% and (c) the sum of the adjusted LIBOR that would be applicable to a loan with a one month interest period advanced on such day, plus a margin of 3%. The Company pays a fee equal to 0.5% per annum of the unused portion of the revolving portion of the credit facility. Issued stand-by letters of credit are charged at a rate of 2.0% per annum payable monthly. The Company did not have any amounts outstanding on the revolving portion of the credit facility as of June 30, 2015, and the total availability under the revolving credit loan facility was \$39,555,000 and \$39,536,000, as of June 30, 2015 and December 31, 2014, respectively.

The credit facility contains customary affirmative covenants regarding, among other things, the maintenance of records, compliance with laws, maintenance of permits, maintenance of insurance and property and payment of taxes. The credit facility also contains certain customary financial covenants and negative covenants that, among other things, include a requirement to maintain a minimum fixed charge coverage ratio, a requirement to stay below a maximum senior leverage ratio and a requirement to stay below a maximum permitted amount of capital expenditures, as well as restrictions on guarantees, indebtedness, liens, distributions, investments and loans, subject to customary carve outs, a restriction on dividends (unless no default then exists or would occur as a result thereof, the Company is in pro forma compliance with the financial covenants contained in the credit facility after giving effect thereto, and the Company has an excess availability of at least 10% of the revolving credit commitment under the credit facility), restrictions on the Company's ability to enter into transactions other than in the ordinary course of business, a restriction on the ability to consummate more than three acquisitions in any calendar year, or for the purchase price of any one acquisition to exceed \$2,000,000, in each case without the consent of the lenders, restrictions on mergers, transfers of assets, acquisitions, equipment, subsidiaries and affiliate transactions, subject to customary carve outs, and restrictions on fundamental changes and lines of business.

## 6. Income Taxes

A reconciliation of the statutory federal tax rate of 35.0% for the three and six months ended June 30, 2015 and 2014 is summarized as follows:

	Three Months Ended June 30,	
	2015	2014
Federal income tax at statutory rate	35.0%	35.0%
State and local taxes, net of federal benefit	5.2	5.9
Jobs tax credits, net	(7.8)	(9.9)
Nondeductible meals and entertainment	0.5	(0.1)
Other	1.1	—
Effective income tax rate	<u>34.0%</u>	<u>30.9%</u>

  

	Six Months Ended June 30,	
	2015	2014
Federal income tax at statutory rate	35.0%	35.0%
State and local taxes, net of federal benefit	5.2	5.9
Jobs tax credits, net	(6.6)	(8.4)
Nondeductible meals and entertainment	0.6	(0.3)
Other	1.2	—
Effective income tax rate	<u>35.4%</u>	<u>32.8%</u>

## 7. Commitments and Contingencies

### Legal Proceedings

The Company is a party to legal and/or administrative proceedings arising in the ordinary course of its business. It is the opinion of management that the outcome of such proceedings will not have a material effect on the Company's financial position and results of operations.

### Employment Agreements

The Company has entered into employment agreements with certain members of senior management. The terms of these agreements are up to four years and include non-compete and nondisclosure provisions, as well as provide for defined severance payments in the event of termination.

## 8. Significant Payors

A substantial portion of the Company's net service revenues and accounts receivables are derived from services performed for federal, state and local governmental agencies. The Illinois Department on Aging accounted for 48.0% and 54.2% of the Company's net service revenues for the three months ended June 30, 2015 and 2014, respectively.

The Illinois Department on Aging accounted for 47.9% and 54.6% of the Company's net service revenues for the six months ended June 30, 2015 and 2014, respectively.

The related receivables due from the Illinois Department on Aging represented 25.0 % of the Company's accounts receivable at June 30, 2015 and 54.2% of the Company's accounts receivable at December 31, 2014.

## 9. Concentration of Cash

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash. The Company maintains cash with financial institutions which, at times, may exceed federally insured limits. The Company believes it is not exposed to any significant credit risk on cash.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

You should read the following discussion together with our unaudited condensed consolidated financial statements and the related notes. This discussion contains forward-looking statements about our business and operations. Our actual results may differ materially from those we currently anticipate.

**Overview**

We operate as one business segment and are a provider of comprehensive home and community based services that are primarily personal in nature, which are provided primarily in the home, and focused on the dual eligible (Medicare/Medicaid) population. Our services include personal care and assistance with activities of daily living, and adult day care. Our consumers are primarily persons who are at risk of hospitalization or institutionalization, such as the elderly, chronically ill and disabled. Our payor clients include federal, state and local governmental agencies, managed care organizations, commercial insurers and private individuals. We currently provide home and community based services to over 33,000 consumers through 127 locations across 22 states, including 5 adult day centers in Illinois. For the three and six months ended June 30, 2015, we served over 37,000 and 40,000 consumers respectively.

A summary of our financial results for the three and six months ended June 30, 2015 and 2014 is provided in the table below:

	For the Three Months Ended June 30, (Amounts in Thousands)	
	2015	2014
Net service revenues	\$ 85,809	\$ 76,965
Net income	3,253	2,729
Total assets	188,015	165,135

  

	For the Six Months Ended June 30, (Amounts in Thousands)	
	2015	2014
Net service revenues	\$ 167,724	\$ 148,648
Net income	5,415	5,083
Total assets	188,015	165,135

Historically our services were provided under agreements with state and local government agencies established to meet the needs of our consumers. Our consumers are predominately "dual eligible" and as such are eligible to receive both Medicare and Medicaid funded home-based care. As a result of certain legislation enacted by the federal government, states are being incentivized to initiate dual eligible demonstration programs and other managed Medicaid initiatives, which are designed to coordinate the services provided through these two programs, with the overall objectives to better coordinate service delivery and over the long term to reduce costs. Increasingly states are implementing these managed care programs and as such are transitioning management of individuals such as our consumers to local and national managed care organizations. Under these arrangements the managed care organizations have an economic incentive to provide home and community based services to consumers as a means to better manage the acute care expenditures of their membership.

The home and community based services we provide include assistance with bathing, grooming, dressing, personal hygiene and medication reminders, and other activities of daily living. We provide these services on a long-term, continuous basis, with an average duration of approximately 20 months per consumer. Our adult day centers provide a comprehensive program of skilled and support services and designated medical services for adults in a community-based group setting. Services provided by our adult day centers include social activities, transportation services to and from the centers, the provision of meals and snacks, personal care and therapeutic activities such as exercise and cognitive interaction.

We utilize a coordinated care model that is designed to improve consumer outcomes and satisfaction, as well as lower the cost of acute care treatment and reduce service duplication. We believe this coordinated care model to be especially valuable to managed care organizations that have economic responsibility for both home and community services as well as acute care expenditures. Over the long term, we believe this model will be a differentiator and as a result we expect to receive increased referrals from the managed care organizations.

Through our coordinated care model, we utilize our home care aides to observe and report changes in the condition of our consumers for the purpose of early intervention in the disease process, thereby preventing or reducing the cost of medical services by avoiding emergency room visits, and/or reducing the need for hospitalization. We coordinate the services provided by our team with those of other health care agencies as appropriate. Changes in consumers' conditions are evaluated by appropriately trained managers and referred to either appropriate medical personnel including the consumers' primary care physicians or managed care organizations for treatment and follow-up. We believe this approach to the care to our consumers and the integration of our services into the broader healthcare continuum are attractive to managed care organizations and others who are ultimately responsible for the healthcare needs and costs of our consumers and over time will increase our business with them.

We are investing in technology based solutions to support and facilitate our coordinated care model. We utilize an Integrated Voice Response ("IVR") system and smart phone applications to communicate with the homecare aides. Through these applications we are able to identify changes in health conditions with automated alerts forwarded to appropriate management team for triaging and evaluation. In addition, the technology is used to record basic transaction information about each visit including: start and end times to a scheduled shift, mileage reimbursement, text messages to the homecare aide and communication of basic payroll information. Our plans for this technology include development of a web portal to provide the ability to communicate this basic information about individual clients to the managed care organizations.

In addition to our focus on organic growth, we are growing through selective acquisitions which expand our presence in current markets or which facilitate our entry into new markets where the home and community business is moving to managed care organizations. We completed two acquisitions in December 2013 and June 2014 that expanded our presence in two existing markets and provided us with a base of operations in two new targeted managed care states. On January 1, 2015, we acquired Priority Home Health Care, Inc., a company headquartered in Cleveland, Ohio and operating six offices in the Cleveland, Akron and Columbus areas. Additionally, on April 24, 2015, we entered into a purchase agreement to acquire South Shore Home Service, Inc. and Acaring Home Care, LLC to expand into the State of New York.

## Business

As of June 30, 2015, we provided our home and community based services through 127 locations across 22 states including 5 adult day centers in Illinois.

Our payor clients are principally federal, state and local governmental agencies and, increasingly, managed care organizations. The federal, state and local programs under which the agencies operate are subject to legislative, budgetary and other risks that can influence reimbursement rates. We are beginning to experience and anticipate a further transition of business from government payors to managed care organizations with which we are seeking to grow our business given our emphasis on coordinated care and the prevention of acute care. Managed care organizations are commercial insurance carriers who are under contract with various federal and state governmental agencies to manage the provision of home and community based services. Their objective is to lower total health care costs by integrating the provision of home and community based services with those benefit programs responsible for the provision of acute care services to their consumers. We are also seeking to grow our private duty business. Our commercial insurance carrier payor clients are typically for-profit companies and are continuously seeking opportunities to control costs.

For the three and six months ended June 30, 2015 and 2014 our payor revenue mix was:

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2015	2014	2015	2014
State, local and other governmental programs	77.7%	89.4%	77.7%	90.1%
Managed care organizations	18.1	6.2	18.1	5.3
Commercial	1.0	3.3	1.0	3.4
Private duty	3.2	1.1	3.2	1.2
	100.0%	100.0%	100.0%	100.0%

We derive a significant amount of our net service revenues from our operations in Illinois, which represented 58.7% and 61.1% of our total net service revenues for the three months ended June 30, 2015 and 2014, respectively. Net service revenues from our operations in Illinois represented 58.4% and 61.3% of our total net service revenues for the six months ended June 30, 2015 and 2014, respectively.

A significant amount of our net service revenues are derived from one payor client, the Illinois Department on Aging, which accounted for 48.0% and 54.2% of our total net service revenues for the three months ended June 30, 2015 and 2014, respectively. The Illinois Department on Aging accounted for 47.9% and 54.6% of our total net service revenues for the six months ended June 30, 2015 and 2014, respectively.

We measure the performance of our business using a number of different metrics, including billable hours, billable hours per business day, revenues per billable hour and the number of consumers, or census.

### Components of our Statements of Income

#### Net Service Revenues

We generate net service revenues by providing our services directly to consumers and primarily on an hourly basis. We receive payment for providing such services from our payor clients, including federal, state and local governmental agencies, managed care organizations, commercial insurers and private consumers. Net service revenues are principally provided based on authorized hours, determined by the relevant agency, at an hourly rate which is either contractual or fixed by legislation or contract, and recognized as net service revenues at the time services are rendered.

#### Cost of Service Revenues

We incur direct care wages, payroll taxes and benefit-related costs in connection with providing our services. We also provide workers' compensation and general liability coverage for these employees.

Employees are also reimbursed for their travel time and related travel costs.

#### General and Administrative Expenses

Our general and administrative expenses include our costs for operating our network of local agencies and our centralized support center.

Our agency expenses consist of costs for supervisory personnel, our community care supervisors and office administrative costs. Personnel costs include wages, payroll taxes, and employee benefits. Facility costs including rents, utilities, postage, telephone and office expenses. Our centralized support center includes costs for accounting, information systems, human resources, billing and collections, contracting, marketing, our contact center and executive leadership. These expenses consist of compensation, including stock-based compensation, payroll taxes, employee benefits, legal, accounting and other professional fees, travel, general insurance, rents and related facility costs.

#### Depreciation and Amortization Expenses

We amortize our intangible assets with finite lives, consisting of customer and referral relationships, trade names, trademarks and non-compete agreements, principally using accelerated methods based upon their estimated useful lives. Depreciable assets consist principally of furniture and equipment, network administration and telephone equipment, and operating system software. Depreciable and leasehold assets are depreciated or amortized on a straight-line method over their useful lives or, if less and if applicable, their lease terms.

#### Interest Income

Legislation enacted in Illinois entitles designated service program providers to receive a prompt payment interest penalty based on qualifying services approved for payment that remain unpaid after a designated period of time. As the amount and timing of the receipt of these payments are not certain, the interest income is recognized when received and reported in the statement of operations as interest income.

#### Interest Expense

Interest expense consists of interest costs on our credit facility, capital lease obligations and other debt instruments.

## Income Tax Expense

All of our income is from domestic sources. We incur state and local taxes in states in which we operate. The differences from the federal statutory rate of 35.0% for the three and six months ended June 30, 2015 and 2014 are principally due to the inclusion of state taxes and the use of federal employment tax credits that lower our effective tax rate.

## Results of Operations

Three Months Ended June 30, 2015 Compared to Three Months Ended June 30, 2014

The following table sets forth, for the periods indicated, our unaudited consolidated results of operations.

	For the Three Months Ended June 30,				Change	
	2015		2014			
	Amount	% Of Net Service Revenues	Amount	% Of Net Service Revenues	Amount	%

Income tax expense	1,676	2.0	1,218	1.6	458	37.6
Net income	<u>\$ 3,253</u>	3.8	<u>\$ 2,729</u>	3.5	<u>\$ 524</u>	19.2
<b>Business Metrics (Actual Numbers, Except Billable Hours in Thousands)</b>						
Average billable census	33,215		30,523		2,692	8.8%
Billable hours	5,011		4,536		475	10.5
Average billable hours per census per month	50.3		49.5		0.8	1.6
Billable hours per business day	78,302		72,006		6,296	8.7
Revenues per billable hour	\$ 17.12		\$ 16.97		\$ 0.15	0.9%

Net service revenues from state, local and other governmental programs accounted for 77.7% and 89.4% of net service revenues for the three months ended June 30, 2015 and 2014, respectively. Managed care organizations accounted for 18.1% and 6.2% of net service revenues for the three months ended June 30, 2015 and 2014, respectively, with private duty and commercial payors accounting for the remainder of net service revenues.

Net service revenues increased \$8,844,000, or 11.5%, to \$85,809,000 for the three months ended June 30, 2015 compared to \$76,965,000 for the same period in 2014. The increase was primarily due to an 8.8% increase in average billable census, of which 6.4% is same store census growth. Gross profit, expressed as a percentage of net service revenues, increased to 27.6% for the second quarter of 2015, compared to 26.7% the same period in 2014. The increase was primarily due to recent acquisitions with higher margin business.

General and administrative expenses, expressed as a percentage of net service revenues increased to 20.3% for the three months ended June 30, 2015, from 20.0% for the three months ended June 30, 2014. General and administrative expenses increased to \$17,423,000 as compared to \$15,399,000 for the three months ended June 30, 2015 and 2014, respectively. The increase in general and administrative expenses was due to an increase in costs related to wages, payroll taxes, stock compensation expense, bad debt expense and the ongoing installation of our new human resources and payroll information system for the three months ended June 30, 2015 as compared to 2014.

Depreciation and amortization, expressed as a percentage of net service revenues, remained consistent at 1.4% for the second quarter of 2015 and 2014. Amortization of intangibles, which are principally amortized using accelerated methods, totaled \$741,000 and \$735,000 for the three months ended June 30, 2015 and 2014, respectively.

	For the Six Months Ended June 30,				Change	
	2015		2014			
	Amount	% Of Net Service Revenues	Amount	% Of Net Service Revenues	Amount	%
	(Amounts in Thousands, Except Percentages)					
Net service revenues	\$ 167,724	100.0%	\$ 148,648	100.0%	\$ 19,076	12.8%
Cost of service revenues	122,116	72.8	109,400	73.6	12,716	11.6
Gross profit	45,608	27.2	39,248	26.4	6,360	16.2

Net income	\$ 5,415	3.2	\$ 5,083	3.4	\$ 332	6.5

**Business Metrics (Actual Numbers, Except Billable Hours in Thousands)**

Average billable census	33,008	30,010	2,998	10.0%
Billable hours	9,766	8,773	993	11.3
Average billable hours per census per month	49.3	48.7	0.6	1.2
Billable hours per business day	76,896	69,076	7,820	11.3
Revenues per billable hour	\$ 17.17	\$ 16.94	\$ 0.23	1.4%

Net service revenues from state, local and other governmental programs accounted for 77.7% and 90.1% of net service revenues for the six months ended June 30, 2015 and 2014, respectively. Managed care organizations accounted for 18.1% and 5.3% of net service revenues for the six months ended June 30, 2015 and 2014, respectively, with private duty and commercial payors accounting for the remainder of net service revenues.

Net service revenues increased \$19,076,000, or 12.8%, to \$167,724,000 for the six months ended June 30, 2015 compared to \$148,648,000 for the same period in 2014. The increase was primarily due to a 10.0% increase in average billable census, of which 7.4% is same store census growth. Gross profit, expressed as a percentage of net service revenues, increased to 27.2% for the six months ended June 30, 2015, compared to 26.4% the same period in 2014. The increase was primarily due to recent acquisitions with higher margin business.

General and administrative expenses, expressed as a percentage of net service revenues increased to 20.6% for the six months ended June 30, 2015, from 20.0% for the six months ended June 30, 2014. General and administrative expenses increased to \$34,576,000 as compared to \$29,802,000 for the six months ended June 30, 2015 and 2014, respectively. The increase in general and administrative expenses was due to an increase in costs related to wages, payroll taxes and stock compensation expenses, and increased expenditures related to legal, consulting, temporary office personnel and the ongoing installation of our new human resources and payroll information system for the six months ended June 30, 2015 as compared to 2014.

Depreciation and amortization, expressed as a percentage of net service revenues, increased to 1.4% from 1.1% for the six months ended June 30, 2015 and 2014, respectively. Amortization of intangibles, which are principally amortized using accelerated methods, totaled \$1,477,000 and \$1,009,000 for the six months ended June 30, 2015 and 2014, respectively.

**Interest Income**

Legislation enacted in Illinois entitles designated service program providers to receive a prompt payment interest penalty based on qualifying services approved for payment that remain unpaid after a designated period of time. As the amount and timing of the receipt of these payments are not certain, the interest income is recognized when received and reported in the income statement caption, "interest income". We received no prompt payment interest for the three and six months ended June 30, 2015 or 2014. We are not anticipating being owed additional prompt payment interest.

### **Interest Expense, Net**

Interest expense, net, increased to \$169,000 from \$151,000 for the three months ended June 30, 2015 as compared to June 30, 2014. For the six months ended June 30, 2014 as compared to June 30, 2015, interest expense, net increased to \$342,000 from \$305,000. The increase is primarily as a result of the capital lease agreements entered into on July 12, 2014, September 11, 2014 and April 13, 2015. See Note 5 to the Notes to Condensed Consolidated Financial Statements (Unaudited) Long-Term Debt for additional information.

### **Income Tax Expense**

Our effective tax rates for the three months ended June 30, 2015 and 2014 were 34.0% and 30.9%, respectively. The principal difference between the federal and state statutory rates and our effective tax rate is federal employment opportunity tax credits.

Our effective tax rates for the six months ended June 30, 2015 and 2014 were 35.4% and 32.8%, respectively. The principal difference between the Federal and State statutory rates and our effective tax rate is federal employment opportunity tax credits.

### **Liquidity and Capital Resources**

#### **Overview**

Our primary sources of liquidity are cash from operations and borrowings under our credit facility. We renewed our credit facility on the terms described below on August 11, 2014. At June 30, 2015 and December 31, 2014, we had cash balances of \$42,024,000 and \$13,363,000, respectively.

As of June 30, 2015 and December 31, 2014, we had no balances outstanding under the revolving credit portion of our credit facility. After giving effect to approximately \$15,445,000 and \$15,464,000 of outstanding letters of credit as of June 30, 2015 and December 31, 2014, respectively and borrowing limits based on an advanced multiple of adjusted EBITDA, we had \$39,555,000 and \$39,536,000 available for borrowing under the credit facility as of June 30, 2015 and December 31, 2014, respectively.

Cash flows from operating activities represent the inflow of cash from our payor clients and the outflow of cash for payroll and payroll taxes, operating expenses, interest and taxes. Due to its revenue deficiencies and financing issues, from time to time the State of Illinois has reimbursed us on a delayed basis with respect to our various agreements including with our largest payor, the Illinois Department on Aging. The open receivable balance from the State of Illinois decreased by \$27,190,000, from \$44,136,000 as of December 31, 2014 to \$16,946,000 as of June 30, 2015.

The State of Illinois' payments have been sporadic and delayed in the past. Should payments become further delayed in the future, the delays could adversely impact our liquidity and may result in the need to increase borrowings under our credit facility.

#### **Credit Facility**

On August 11, 2014, we renewed our credit facility. Our credit facility provides a \$55,000,000 revolving line of credit expiring November 2, 2019 and includes a \$27,500,000 sublimit for the issuance of letters of credit. On November 6, 2014, we amended our credit facility, with retroactive effect to September 30, 2014. The credit facility was amended to (i) reduce the floating interest rate from one-month LIBOR, plus a margin of 4.6% to one-month LIBOR, plus a margin of 3.5%, (ii) reduce the interest rate for loans based on term periods of one, two or three months from the LIBOR rate, plus a margin of 4.6% to the LIBOR rate, plus a margin of 3.5% and (iii) increase the allowed capital expenditures for the fiscal year ending 2014 from \$5,000,000 to \$7,000,000. Substantially all of the subsidiaries of Holdings are co-borrowers, and Holdings has guaranteed the borrowers' obligations under the credit facility. The credit facility is secured by a first priority security interest in all of Holdings' and the borrowers' current and future tangible and intangible assets, including the shares of stock of the borrowers.

The availability of funds under the revolving credit portion of the credit facility, as amended, is based on the lesser of (i) the product of adjusted EBITDA, as defined in the credit agreement, for the most recent 12-month period for which financial statements have been delivered under the credit agreement multiplied by the specified advance multiple, up to 3.25, less the outstanding senior indebtedness and letters of credit, and (ii) \$55,000,000 less the outstanding revolving loans and letters of credit. Interest on the revolving line of credit may be payable at (i) a floating rate equal to the one-month LIBOR, plus a margin of 3.5%, (ii) the LIBOR rate for term periods of one, two or three months, plus a margin of 3.5% or (iii) the base rate, plus a margin of 1.6%, where the base rate is equal to the greatest of (a) the rate of interest last quoted by The Wall Street Journal as the "prime rate", (b) the sum of the federal funds rate, plus a margin of 0.5% and (c) the sum of the adjusted LIBOR that would be applicable to a loan with a one month interest period advanced on such day, plus a margin of 3.0%. We pay a fee equal to 0.5% per annum of the unused portion of the revolving portion of the credit facility. Issued stand-by letters of credit are charged at a rate of 2.0% per annum payable monthly. We did not have any amounts outstanding on the revolving portion of the credit facility as of June 30, 2015, and the total availability under the revolving credit loan facility was \$39,555,000 and \$39,536,000, as of June 30, 2015 and December 31, 2014, respectively.

The credit facility contains customary affirmative covenants regarding, among other things, the maintenance of records, compliance with laws, maintenance of permits, maintenance of insurance and property and payment of taxes. The credit facility also contains certain customary financial covenants and negative covenants that, among other things, include a requirement to maintain a minimum fixed charge coverage ratio, a requirement to stay below a maximum senior leverage ratio and a requirement to stay below a maximum permitted amount of capital expenditures, as well as restrictions on guarantees, indebtedness, liens, distributions, investments and loans, subject to customary carve outs, a restriction on dividends (unless no default then exists or would occur as a result thereof, we are in pro forma compliance with the financial covenants contained in the credit facility after giving effect thereto, and we have an excess availability of at least 10% of the revolving credit commitment under the credit facility), restrictions on our ability to enter into transactions other than in the ordinary course of business, a restriction on the ability to consummate more than three acquisitions in any calendar year, or for the purchase price of any one acquisition to exceed \$2,000,000, in each case without the consent of the lenders, restrictions on mergers, transfers of assets, acquisitions, equipment, subsidiaries and affiliate transactions, subject to customary carve outs, and restrictions on fundamental changes and lines of business.

While our growth is not entirely dependent on acquisitions, if we do not have sufficient cash resources or availability under our credit facility, or we are otherwise prohibited from making acquisitions, our growth could be limited unless we obtain additional equity or debt financing or the necessary consents from our lenders. We believe the available borrowings under our credit facility which, combined with cash from operations, will be sufficient to cover our working capital needs for at least the next 12 months.

## Cash Flows

The following table summarizes changes in our cash flows for the six months ended June 30, 2015 and 2014:

	For the Six Months Ended June 30, (Amounts in Thousands)	
	2015	2014
Net cash provided by operating activities	\$ 35,044	\$ 15,003
Net cash (used in) investing activities	(5,157)	(11,241)
Net cash (used in) provided by financing activities	(1,226)	214

### Six Months Ended June 30, 2015 Compared to Six Months Ended June 30, 2014

Net cash provided by operating activities was \$35,044,000 for the six months ended June 30, 2015, compared to cash provided by operations of \$15,003,000 for the same period in 2014. This increase in cash provided by operations was primarily due to a decrease in accounts receivable in 2015.

Net cash used in investing activities was \$5,157,000 for the six months ended June 30, 2015 compared to cash used in investing activities of \$11,241,000 for the six months ended June 30, 2014. Our investing activities for the six months ended June 30, 2015 were \$761,000 in purchases of property and equipment to invest in our technology infrastructure, \$4,250,000 for the acquisition of Priority Home Healthcare, Inc. as previously described in Note 2 to the Condensed Consolidated Financial Statements (Unaudited) and \$146,000 for the acquisition of a customer list. Our investing activities for the six months ended June 30, 2014 were purchases of property and equipment related to our new corporate headquarters in Downers Grove, IL and a new payroll system, the acquisition of Aid & Assist as described in Note 2 to the Condensed Consolidated Financial Statements (Unaudited), and the acquisition of a customer list.

Net cash used in financing activities was \$1,226,000 for the six months ended June 30, 2015 as compared to net cash provided by financing activities of \$214,000 for the six months ended June 30, 2014. Our financing activities for the six months ended June 30, 2015 were a \$1,000,000 payment on the CHHC contingent earn-out obligation as previously described in Note 2 to the Condensed Consolidated Financial Statements (Unaudited), \$510,000 of payments on capital lease obligations and \$21,000 payment for debt issuance costs and \$305,000 of cash received for the exercise of employee stock options. Our financing activity for the six months ended June 30, 2014 was \$214,000 for the exercise of employee stock options.

### Outstanding Accounts Receivable

Gross accounts receivable as of June 30, 2015 and December 31, 2014 were approximately \$50,720,000 and \$72,214,000, respectively. Outstanding accounts receivable, net of the allowance for doubtful accounts, decreased by \$21,270,000 as of June 30, 2015 as compared to December 31, 2014. The decrease in accounts receivable is primarily attributable to substantial payments received from the State of Illinois during the second quarter of 2015.

We establish our allowance for doubtful accounts to the extent it is probable that a portion or all of a particular account will not be collected. Our provision for doubtful accounts is estimated and recorded primarily by aging receivables utilizing eight aging categories and applying our historical collection rates to each aging category, taking into consideration factors that might impact the use of historical collection rates or payor groups, with certain large payors analyzed separately from other payor groups. In our evaluation of these estimates, we also consider other factors including: delays in payment trends in individual states due to budget or funding issues; billing conversions related to acquisitions or internal systems; resubmission of bills with required documentation and disputes with specific payors. An allowance for doubtful accounts is maintained at a level that our management believes is sufficient to cover potential losses. However, actual collections could differ from our estimates.

Our collection procedures include review of account aging and direct contact with our payors. We have historically not used collection agencies. An uncollectible amount is written off to the allowance account after reasonable collection efforts have been exhausted.

The following tables detail our accounts receivable before reserves by payor category, showing Illinois governmental payors separately, and the related allowance amount at June 30, 2015 and December 31, 2014:

	June 30, 2015				Total
	0-90 Days	91-180 Days	181-365 Days	Over 365 Days	
	(Amounts in Thousands, Except Percentages)				
Illinois governmental based programs	\$14,605	669	1,065	607	\$16,946
Other state, local and other governmental programs	15,308	1,867	1,437	483	19,095
Managed care organizations	9,311	1,446	756	297	11,810
Private duty and commercial	2,572	231	189	(123)	2,869
Total	41,796	4,213	3,447	1,264	50,720
Aging % of total	82.4%	8.3%	6.8%	2.5%	
Allowance for doubtful accounts					\$ 3,657
Reserve as % of gross accounts receivable					7.2%

	December 31, 2014				
	0-90 Days	91-180 Days	181-365 Days	Over 365 Days	Total
	(Amounts in Thousands, Except Percentages)				
Illinois governmental based programs	\$37,406	5,298	670	762	\$44,136
Other state, local and other governmental programs	12,951	1,815	1,284	60	16,110
Managed care organizations	6,524	1,167	919	258	8,868
Private duty and commercial	2,658	299	173	(30)	3,100
<b>Total</b>	<b>59,539</b>	<b>8,579</b>	<b>3,046</b>	<b>1,050</b>	<b>72,214</b>
Aging % of total	82.4%	11.9%	4.2%	1.5%	
Allowance for doubtful accounts					\$ 3,881
Reserve as % of gross accounts receivable					5.4%

We calculate our days sales outstanding (“DSO”) by taking the accounts receivable outstanding net of the allowance for doubtful accounts divided by the total net service revenues for the last quarter, multiplied by the number of days in that quarter. Our DSOs were 50 days and 80 days at June 30, 2015 and December 31, 2014, respectively. The DSOs for our largest payor, the Illinois Department on Aging, at June 30, 2015 and December 31, 2014 were 28 days and 85 days, respectively. We may not receive payments on a consistent basis in the near term and our DSOs and the DSO for the Illinois Department on Aging may increase. The change in the reserve as percentage of gross accounts receivable to 7.2% as of June 30, 2015 from 5.4% as of December 31, 2014 is attributable to other state, local and other governmental programs and managed care organizations increase in total accounts receivable as well as increased aging.

#### **Off-Balance Sheet Arrangements**

As of June 30, 2015, we did not have any off-balance sheet guarantees or arrangements with unconsolidated entities.

#### **Critical Accounting Policies and Estimates**

The discussion and analysis of our financial condition and results of operations are based on our Consolidated Financial Statements prepared in accordance with accounting principles generally accepted in the United States. The preparation of the financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expense and related disclosures. We base our estimates and judgments on historical experience and other sources and factors that we believe to be reasonable under the circumstances; however, actual results may differ from these estimates. We consider the items discussed below to be critical because of their impact on operations and their application requires our judgment and estimates.

#### **Revenue Recognition**

The majority of our revenues for the three and six months ended June 30, 2015 and 2014 are derived from Medicaid and Medicaid waiver programs under agreements with various state and local authorities. These agreements provide for a service term from one year to an indefinite term. Services are provided based on authorized hours, determined by the relevant state or local agency, at an hourly rate specified in the agreement or fixed by legislation. Services to other payors, such as private or commercial clients, are provided at negotiated hourly rates and recognized in net service revenues as services are provided. We provide for appropriate allowances for uncollectible amounts at the time the services are rendered.

#### **Accounts Receivable and Allowance for Doubtful Accounts**

We are paid for our services primarily by state and local agencies under Medicaid or Medicaid waiver programs, managed care organizations, commercial insurance companies and private consumers. While our accounts receivable are uncollateralized, our credit risk is somewhat limited due to the significance of governmental payors to our results of operations. Laws and regulations governing the governmental programs in which we participate are complex and subject to interpretation. Amounts collected may be different than amounts billed due to client eligibility issues, insufficient or incomplete documentation, services at levels other than authorized and other reasons unrelated to credit risk.

Legislation enacted in Illinois entitles designated service program providers to receive a prompt payment interest penalty based on qualifying services approved for payment that remain unpaid after a designated period of time. As the amount and timing of the receipt of these payments are not certain, the interest income is recognized when received and reported in the income statement caption, interest income. We did not receive any prompt payment interest for the three and six months ended June 30, 2015 or 2014.

We establish our allowance for doubtful accounts to the extent it is probable that a portion or all of a particular account will not be collected. Our allowance for doubtful accounts is estimated and recorded primarily by aging receivables utilizing eight aging categories and applying our historical collection rates to each aging category, taking into consideration factors that might impact the use of historical collection rates or payor groups, with certain large payors analyzed separately from other payor groups. In our evaluation of these estimates, we also consider delays in payment trends in individual states due to budget or funding issues, billing conversions related to acquisitions or internal systems, resubmission of bills with required documentation and disputes with specific payors. Historically, we have not experienced any write-off of accounts as a result of a state operating with budget deficits. While we regularly monitor state budget and funding developments for the states in which we operate, we consider losses due to state credit risk on outstanding balances as remote. We believe that our recorded allowance for doubtful accounts is sufficient to cover potential losses; however, actual collections in subsequent periods may require changes to our estimates.

### **Goodwill**

Our carrying value of goodwill is the residual of the purchase price over the fair value of the net assets acquired from various acquisitions including the acquisition of Addus HealthCare, Inc. (“Addus HealthCare”). In accordance with ASC Topic 350, “*Goodwill and Other Intangible Assets*,” goodwill and intangible assets with indefinite useful lives are not amortized. We test goodwill for impairment at the reporting unit level on an annual basis, as of October 1, or whenever potential impairment triggers occur, such as a significant change in business climate or regulatory changes that would indicate that an impairment may have occurred. We may use a qualitative test, known as “Step 0,” or a two-step quantitative method to determine whether impairment has occurred. We can elect to perform Step 0, an optional qualitative analysis, and based on the results skip the remaining two steps. In 2014, we elected to implement Step 0. The results of our Step 0 assessment indicated that it was more likely than not that the fair value of our reporting unit exceeded its carrying value and therefore we concluded that there were no impairments for the year ended December 31, 2014. No impairment charges were recorded for the three or six months ended June 30, 2015 or 2014.

### **Long-Lived Assets**

We review our long-lived assets and finite lived intangibles for impairment whenever changes in circumstances indicate that the carrying amount of an asset may not be recoverable. To determine if impairment exists, we compare the estimated future undiscounted cash flows from the related long-lived assets to the net carrying amount of such assets. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized for the amount by which the carrying amount of the asset exceeds the estimated fair value of the asset, generally determined by discounting the estimated future cash flows. No impairment charge was recorded for the year ended December 31, 2014 or the three or six months ended June 30, 2015 or 2014.

### **Indefinite-lived Assets**

We also have indefinite-lived assets that are not subject to amortization expense such as licenses and in certain states certificates of need to conduct specific operations within geographic markets. Our management has concluded that these assets have indefinite lives, as management has determined that there are no legal, regulatory, contractual, economic or other factors that would limit the useful life of these intangible assets and we intend to renew the licenses indefinitely. The licenses and certificates of need are tested annually for impairment. No impairment was recorded for the year ended December 31, 2014 or the three or six months ended June 30, 2015 or 2014.

### **Workers' Compensation Program**

Our workers' compensation insurance program has a \$350,000 deductible component. We recognize our obligations associated with this program in the period the claim is incurred. The cost of both the claims reported and claims incurred but not reported, up to the deductible, have been accrued based on historical claims experience, industry statistics and an actuarial analysis performed by an independent third party. We monitor our claims quarterly and adjust our reserves accordingly. These costs are recorded primarily in the cost of services caption in the consolidated statement of operations. Under the agreement pursuant to which we acquired Addus HealthCare, claims under our workers' compensation insurance program that related to December 31, 2005 or earlier were the responsibility of the selling shareholders in the acquisition, subject to certain limitations. The responsibility of the selling shareholders for these claims was terminated on December 29, 2014. In August 2010, the FASB issued Accounting Standards Update No 2010-24, Health Care Entities (Topic 954), "*Presentation of Insurance Claims and Related Insurance Recoveries*" ("ASU 2010-24"), which clarifies that companies should not net insurance recoveries against a related claim liability. Additionally, the amount of the claim liability should be determined without consideration of insurance recoveries. As of June 30, 2015 and December 31, 2014, we recorded \$1,781,000 and \$1,457,000 in workers' compensation insurance recovery receivables and a corresponding increase in its workers' compensation liability. The workers' compensation insurance recovery receivable is included in our prepaid expenses and other current assets on the balance sheet.

### **Income Taxes**

We account for income taxes under the provisions of ASC Topic 740, "*Accounting for Income Taxes*." The objective of accounting for income taxes is to recognize the amount of taxes payable or refundable for the current year and deferred tax liabilities and assets for the future tax consequences of events that have been recognized in our financial statements or tax returns. Deferred taxes, resulting from differences between the financial and tax basis of our assets and liabilities, are also adjusted for changes in tax rates and tax laws when changes are enacted. ASC Topic 740 also requires that deferred tax assets be reduced by a valuation allowance if it is more likely than not that some portion or all of the deferred tax asset will not be realized. ASC Topic 740, also prescribes a recognition threshold and measurement process for recording in the financial statements uncertain tax positions taken or expected to be taken in a tax return. In addition, ASC Topic 740 provides guidance on derecognition, classification, accounting in interim periods and disclosure requirements for uncertain tax positions.

### **New Accounting Pronouncements**

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers (Topic 606)*, which requires an entity to recognize the amount of revenue for which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in GAAP. In July 2015, the FASB agreed to defer the effective date of the standard from January 1, 2017, to January 1, 2018, with an option that permits companies to adopt the standard as early as the original effective date. Early application prior to the original effective date is not permitted. The standard permits the use of either the retrospective or cumulative effect transition method. The Company is evaluating the effect that ASU 2014-09 will have on its consolidated financial statements and related disclosures. The Company has not yet selected a transition method nor has it determined the effect of the standard on its ongoing financial reporting.

In April 2015, the FASB issued ASU 2015-03, *Interest—Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs*. The amendments in this ASU require that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs are not affected by the amendments in this ASU. ASU 2015-03 is effective for annual and interim periods beginning on or after December 15, 2015.

In August 2014, the FASB issued ASU 2014-15, *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern*, which will explicitly require management to assess an entity's ability to continue as a going concern and to provide related footnote disclosures in certain circumstances. Currently, there is no guidance in GAAP about management's responsibility to evaluate whether there is substantial doubt about an entity's ability to continue as a going concern or to provide related footnote disclosures. The amendments in this update provide that guidance. In doing so, the amendments should reduce diversity in the timing and content of footnote disclosures. The amendments require management to assess an entity's ability to continue as a going concern by incorporating and expanding upon certain principles that are currently in U.S. auditing standards. Specifically, the amendments (1) provide a definition of the term "substantial doubt", (2) require an evaluation every reporting period including interim periods, (3) provide principles for considering the mitigating effect of management's plans, (4) require certain disclosures when substantial doubt is alleviated as a result of consideration of management's plans, (5) require an express statement and other disclosures when substantial doubt is not alleviated and (6) require an assessment for a period of one year after the date that the financial statements are issued (or available to be issued). The amendments in this update are effective for the first annual period ending after December 15, 2016, and for annual periods and interim periods thereafter. Early application is permitted. The Company is currently evaluating the impact of adopting this update on its financial statements.

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Historically, we have been exposed to market risk due to fluctuations in interest rates. As of June 30, 2015, we had no outstanding indebtedness with variable interest rates and therefore no current exposure.

**ITEM 4. CONTROLS AND PROCEDURES*****Evaluation of Disclosure Controls and Procedures***

Our management, with the participation of our Chief Executive Officer and our Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of June 30, 2015. The term “disclosure controls and procedures,” as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act, is recorded, processed, summarized, and reported, within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company’s management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

Based on the evaluation of our disclosure controls and procedures, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of June 30, 2015.

***Changes in Internal Control Over Financial Reporting***

There were no significant changes in the Company’s internal controls over financial reporting during the three months ended June 30, 2015 that were identified in connection with the evaluation referred to in the paragraph above that have materially affected, or are reasonably likely to materially affect, the Company’s internal control over financial reporting.

**Item 1. Legal Proceedings**

***Legal Proceedings***

The Company is a party to legal and/or administrative proceedings arising in the ordinary course of its business. It is the opinion of management that the outcome of such proceedings will not have a material effect on the Company's financial position and results of operations.

**Item 1A. Risk Factors**

Investing in our common stock involves a high degree of risk. In addition to the other information set forth in this quarterly report on Form 10-Q, you should carefully consider the risk factors discussed under the caption "Risk Factors" set forth in Part I, Item 1A, of our Annual Report on Form 10-K for the year ended December 31, 2014. There have been no material changes to the risk factors previously disclosed under the caption "Risk Factors" in our Annual Report on Form 10-K. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition or operating results.

**Item 6. Exhibits**

- 3.1 Amended and Restated Certificate of Incorporation of the Company dated as of November 2, 2009 (filed on November 20, 2009 as Exhibit 3.1 to the Company's Quarterly Report on Form 10-Q and incorporated by reference herein)
- 3.2 Amended and Restated Bylaws of the Company, as amended by the First Amendment to the Amended and Restated Bylaws (filed on May 9, 2013 as Exhibit 3.2 to the Company's Quarterly Report on Form 10-Q and incorporated by reference herein)
- 4.1 Form of Common Stock Certificate (filed on October 2, 2009 as Exhibit 4.1 to Amendment No. 4 to the Company's Registration Statement on Form S-1 and incorporated by reference herein)
- 10.1 Securities Purchase Agreement, dated as of April 24, 2015, by and among Addus Healthcare, Inc., Margaret Coffey, Carol Kolar, South Shore Home Health Service, Inc. and Acaring Home Care, LLC. (filed on May 8, 2015 as Exhibit 10.1 to the Company's Quarterly Report on Form 10-Q and incorporated by reference herein)
- 10.2 Separation Agreement and General Release, dated as of April 29, 2015, by and between Addus HealthCare, Inc. and Dennis Meulemans (filed on April 30, 2015 as Exhibit 99.2 to Addus HomeCare Corporation's Current Report on Form 8-K and incorporated by reference herein)
- 10.3 Employment and Non-Competition Agreement, effective May 11, 2015, by and between Addus HealthCare, Inc. and Donald Klink (filed on April 30, 2015 as Exhibit 99.1 to Addus HomeCare Corporation's Current Report on Form 8-K and incorporated by reference herein)
- 31.1 Certification of Chief Executive Officer Pursuant to Rule 13a-14(a) of the Securities Exchange Act of 1934 as Adopted Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002\*
- 31.2 Certification of Chief Financial Officer Pursuant to Rule 13a-14(a) of the Securities Exchange Act of 1934 as Adopted Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002\*
- 32.1 Certification of Chief Executive Officer Pursuant to 18 U.S.C. Section 1350, as Adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002\*\*
- 32.2 Certification of Chief Financial Officer Pursuant to 18 U.S.C. Section 1350, as Adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002\*\*
- 101 Financial statements from the quarterly report on Form 10-Q of Addus HomeCare Corporation for the quarter ended June 30, 2015, filed on August 7, 2015 formatted in XBRL: (i) Consolidated Balance Sheets, (ii) Consolidated Statements of Income, (iii) Consolidated Statements of Stockholders' Equity, (iv) Consolidated Statements of Cash Flows, and (v) the Notes to Condensed Consolidated Financial Statements.\*

**CERTIFICATIONS OF CHIEF EXECUTIVE OFFICER  
PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Mark S. Heaney, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Addus HomeCare Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal controls over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f) for the registrant and have:
  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervisions, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER  
PURSUANT TO 18 U.S.C. SECTION 1350  
(AS ADOPTED PURSUANT TO SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002)**

In connection with the Quarterly Report on Form 10-Q for the fiscal quarter ended June 30, 2015 of Addus HomeCare Corporation (the "Company") as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, Mark S. Heaney, President and Chief Executive Officer of the Company, certify, pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, 18 U.S.C. Section 1350, that:

- (1) The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.
